Since 1995, EPA has strived to make administrative changes to the Superfund program to make cleanups faster, fairer, and more efficient. Under the Superfund Administrative Reform on improving the management of Potentially Responsible Party (PRP) oversight, EPA has reaffirmed its commitment to conduct appropriate and cost-effective oversight while ensuring protective cleanups, and to send oversight bills to PRPs in a timely manner. We believe that maintaining an open dialogue with PRPs about oversight expectations and PRP performance can improve the efficiency of response actions and minimize the costs of oversight.

If you are interested in discussing plans for oversight for ongoing and upcoming work at the LCP Chemicals, Inc. Superfund Site or if you have questions regarding this Bill for Collection, please contact Jon Gorin, of my staff, at (212) 637-4361. Legal inquiries should be directed to Mr. Muthu S. Sundram, Assistant Regional Counsel, at (212) 637-3148.

Sincerely yours,
